We've been together for almost a whole day now, but we haven't been able to have a conversation at all. I know it's not impossible, but I guess I need some trigger that will make her talk. And so, here goes my last resort...

Are you hungry?

Good morning.

When I woke up from my nap, she was already up as well.

Reszurre

I'll give you a name full of hope...

As the name implies, I promise that I'll definitely cure you.

The truth is, I don't even know if she can hear me or if she can recover well enough to finally recognize her real name. As we walked silently and quickly along the river at the foothills, we arrived at the village where the workshop was located just as planned.
